I'm a passionate Junior Web Developer with hands-on experience in building responsive and user-friendly websites using HTML, CSS, JavaScript, and modern frameworks like React and Laravel. I enjoy turning design ideas into real, functional websites and continuously improving my skills in both frontend and backend development. Ready to learn, collaborate, and contribute to impactful web projects.

EXPERIENCE

MAR 2024 -
MAY 2024

WEB DEVELOPER (PRACTICE PROJECT)

- Build a responsive website using Bootstrap, Javascript, and PHP
- Integrated mobile-friendly layout

FEB 2025 -
APR 2025

FRONT-END DEVELOPER (FINAL PROJECT AT SCHOOL)

- Develop a product page with several categories, cart, and checkout features.
- Use Laravel 11 for backend logic and MySQL as a Database
- Implemented a responsive layout using TailwindCSS & Javascript.
